

South Central Ohio District

GRANTS FOR NEW WORK PROPOSAL

GRANT: One grant of \$10,000 each year for the church, or leader who presents the best plan for a new start ready to begin the next year.

Criteria:

- 1) Must be a brand new multi-site or church plant project;
- 2) Must attend a CPE and/or CPC event and present a detailed plan to the Church Plant Team (which we want to start calling the New Start Team) who will select the best plan;
- 3) The plan must include plans for another new work in the next two years (if they accomplish this, they receive another \$5000 grant to help that one get started- with the same requirements for the first new start);
- 4) Must have an assessed and approved leader for the new work. This person must also be on track with their education and credentialing process;
- 5) Must have a coach/supervisor. If the coach/mentor is not on the District, they must also select a supervisor on the District for accountability purposes.
- 6) At any point that the new work falls behind the funding requirements, the funding stops until the new work is caught up;
- 7) Finances will be given upon receipt of previous expenses.
