Field Quiz

May

(Exact date TBD)

@ MVNU

Join us this fall as we journey through the book of Genesis! Kids in grades 1-6 will complete 20 dig sites (lessons) that follow the theme "Journey into Genesis." We will learn about Creation, the Flood, God's Covenant with Abraham, Joseph in Egypt, and much more. The quizzers will also be challenged to memorize 20 Bible verses throughout the year.

There is no minimum number of quizzers your church needs to participate. Everyone earns an individual award based on the number of questions correct for the day, and some kids will participate on a team as well. Our quizzes take place on Saturday mornings at various host churches in the district and are finished in time for lunch.

Children's Bible Quizzing offers a fantastic curriculum and a fun way to acknowledge the effort our kids put into studying and memorizing God's Word! If you have been considering starting a quizzing ministry at your local church, this is a great year to jump in! For more information about the 2025-2026 season, please email April Litman at scobiblequizzing@gmail.com.
