

Work & Witness Club

A kingdom investment!

We take seriously the call to share the gospel with the world! The Work & Witness Club raises necessary project money to take a mission team to an area where work is needed, such as construction, painting, building, repairing, cleaning, landscaping, etc. While working we take the opportunity to witness through not only our work but through the love of Christ!

By giving just \$20 a year to Work & Witness Club you are helping provide project materials and equipping a District Mission Team to go work and witness!

Yes! I want to be part of Kingdom Building for \$20 a year!
